## Bob Ross Teacher Certification Seminars

Bob Ross Teacher Training seminars are intense, robust sessions, laser-focused on generating great teachers that can host local classes for people who love Bob Ross and want to paint WET-ON-WET™ like him in one day. If you're ready to become a Certified Ross Instructor®, you'll be exposed to the most rigorous training program out there, and come through the other side a proud ambassador of television's favorite painter.

### ◆ Landscape Instructor (CRI®)

**Level I Landscape Seminar** provides the foundation needed to begin developing basic Bob Ross aptitude, proper use of painting tools and an understanding of Bob's very unique way of painting.

**Level II Landscape Seminar** is the next step, after you've completed a Level I Landscape Seminar. You'll start diving deep into more advanced aspects of essential painting skills. It's hard work, but worth it.

**Level III Landscape Seminar** is the final step to becoming a fully accredited Bob Ross Instructor! Only those who have successfully completed Levels I and II can attend. This final session of training is incredibly demanding, because we want you to represent Bob Ross and his amazing painting technique impeccably. We know you want that too.

### ◆ Floral Instructor (CRFI®)

Bob Ross Floral Painting is a unique method developed by artist Annette Kowalski, founder of the Bob Ross Company.

**Level I Floral Seminar** will provide you with the bare basics of creating flowers the Bob Ross way. And you will learn how the floral paints, brushes and mediums differ from Bob's other landscape materials.

**Level II Floral Seminar** is the next step. You must have completed the Level I Floral Seminar to attend. You'll gain more advanced skills and get closer to becoming an effective and motivating floral teacher. Complete focus is a must!

**Level III Floral Seminar** is the final step towards becoming a fully-accredited Ross Floral Instructor. You must attend Floral Levels I & II to participate. This session will significantly challenge your desire to paint and teach, and you'll earn a coveted role in sharing this amazing flower painting style with the world.

## Bob Ross Fun-damentals Classes

Bob Ross Fun-damentals classes are for those not quite ready to become a teacher, but still want to spend five whole days painting beautiful Bob Ross WET-ON-WET™ scenes at his delightful Florida art center, with one of the best Bob Ross teachers in the world. These classes are by far the most enjoyable five days you'll ever experience, and the friends you make are for a lifetime.

Bob Ross' mission was to make painting fun and rewarding for everyone, not just for the chosen few – and his charming art workshop in sunny Florida remains allegiant to that premise. Whether you've painted before, or you've never touched a brush in your life, these classes will show you that there are no great mysteries to painting. You need only the desire and a few basic tools that have been very specially developed by Bob Ross himself, designed to do exactly what you want them to do. At the end of five days, you'll go home with frame-ready paintings that you never thought possible, created from your own heart and hands.
